A short letter of thanks to you and your staff.

From initial design brief and consultations the advantages of working with Humphrey Homes were apparent. All aspects of the design and build being considered together ensured there were no surprises along the way, leading to a seamless design and construction process.

You and your staff's expertise and open channels of communication led to a sharing of ideas, keeping me informed of progress at every stage and making sure I was happy down to the minutest detail. A very client focused approach and much appreciated.

The resulting quality of build has been best practice from all trades and supervisors and coordinated in a seamless and professional manner. The quality has been a joy to behold, giving me great confidence and peace of mind. The end result surpassing my expectations.

I would like to thank Helen for her design prowess and all your staff. Their attention to detail is unsurpassed.

Finally thanks Dean for your dedication, professionalism and openness, it has provided a totally stress free, pleasurable and rewarding experience.

Kind Regards
