

Humphrey Homes  
52 Florence Street  
Cottesloe WA 6011

RE: Florence Road, Nedlands

The integrated approach that Humphrey Homes offered worked really well for us. Having Helen as the in house architect working together with Dean, an experienced builder who knew where it made sense to push the envelope on design, helped us get to an optimal design outcome inside the price parameters we were comfortable with.

The depth of the team, and the quality of the trades that Dean could call on, meant we felt well supported through the process, which went as we were advised and expected. We are thrilled with the result.

Yours sincerely

David Gray & Kim Reddrop
